

Avetta Analytics

Get the insights you need to make better decisions

When it comes to ensuring business continuity, decisions need to be made quickly and accurately. Avetta Analytics is the robust reporting and analytics engine that drives visibility of Avetta's supply chain sustainability platform. It delivers critical, easy-to-understand insights to address your most urgent questions and make data-driven decisions with confidence.

THE BENEFITS

Better Business Decisions

Detailed reports, intuitive data visualizations, and an at-a-glance KPI dashboard empower you to make data-driven risk management and procurement decisions with confidence.

Deeper Insights

Take control of your analyses with the freedom to explore the depths of your data and benchmark against peers with over a decade of safety and sustainability statistics.

Faster Insights

Get the right information at the right time. A powerful self-service interface gives you detailed and precise answers when you need them most.

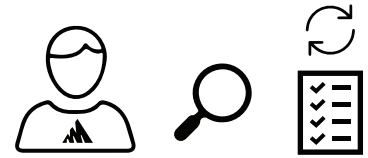

Improved Performance

What gets measured gets improved. Improve performance with insights to identify, monitor, and address supply chain sustainability gaps.

HOW IT WORKS

01

Leverage templated reports, dashboards, and visualizations built using over a decade of customer feedback.

02

Extend data sets and dive deeper by easily editing existing templates to answer your specific questions.

03

Build your own reports using the intuitive analysis builder with drag and drop functionality.

Avetta Analytics

THE CAPABILITIES

Report Templates

Get immediate insights by leveraging templated reports, visualizations, and dashboards. These templated analyses put best-practice reporting at your fingertips for immediate value.

Intuitive Interface

Build off the value of templated analyses by quickly and easily editing existing reports, visualizations, and dashboards. Extend data sets to get detailed answers to your specific business questions.

Analysis Builder

Build your own analysis from scratch with an easy-to-use analysis builder that puts you in control and gives you the freedom to explore your data on your terms.

Automated Distribution

Automate the distribution of reports, dashboards, and visualizations to key stakeholders for improved monitoring and communication.

Business Analysts

Need additional help? Avetta's experienced team of Analysts provide deep business intelligence expertise. They will help you dig through the data to get the answers you need.
